**The Sixth Annual National Conference on American Court Collections**  
**May 3-5, 2022**  
**The Embassy Suites Las Vegas Convention Center**

In the Spring of 2020 just a matter of weeks prior to the full onsite of the COVID 19 pandemic, the Fifth Annual National Conference on American Court Collections grappled with the dominate narratives gripping the criminal justice system: race, poverty, and punishment. That narrative was forcing a change in criminal justice culture by identifying the primary problem plaguing the system as the punishment itself. As that conference adjourned there was no doubt these changes would have a profound effect on the criminal justice system. The only question was, would that effect be positive or negative?

The **6th National Conference on American Court Collections** presented by the *Coalition of American Court Collectors* will bring together some of the nation's best and brightest to examine this challenging question. It is the only national conference dedicated to court collections and compliance. Topics will include:

- The Decriminalization of Nevada
- The Impact of Decriminalizing Crime in America
- Court Collections, Compliance, and COVID
- Trending Compliance and Enforcement Legislation
- Plus, much more...

Leading experts and professionals will help us have this challenging and complex discussion and in doing so give us the opportunity to explore clear-eyed solutions. More importantly, we will explore and build on our common goal to make a difference. Join us as we examine these topics and more.
